Broncitis Spare Tire Support Bracket for stock bumper and tire carrier and ~ 33-35" tires

~ 6" wide

~ ½ to 3/4 the width of your tire

Angled "ramp" to help guide tire on

Support gusset with hole for ratchet strap

Stock rear bumper

Filler plate to fit into recess in bumpe face

Mount with two bolts through face of bumper.

I used ¼" plate and also installed a Teflon or UHMW plastic wear strip on the top of mine to keep the painted surface from wearing off.
