Classic Ford Broncos Visit Ford World Headquarters

By Michael Collins

DEARBORN, March 9, 2007 (FCN) -- Edsel B Ford II autographed a 1966 Ford Bronco for collector Don Peroni of Dillsburg, Pa., earlier this week in Dearborn.

Peroni's restored 1966 and 1977 Bronco's stopped at the Ford World Headquarters on their way home from a cross-country tour of car shows throughout 2006 that celebrated the Bronco's 40th anniversary.

"The Bronco is rapidly becoming the new big collectable among classic cars," said Peroni. "I've become so attracted to them my wife jokes that I now have Bronchitis."
