Dear Chuck:

Thought you might like the enclosed pictures from the balloon trip. As you may already know, a number of magazines have expressed interest in doing road-test stories on our F-250 "propane" truck including Hot Rod, Motor Trend and VPO.

Dave Krupp in our Los Angeles office will be coordinating the road-test program with Bill Stroppe.

Thanks again for all your help. Despite the fact that I'm a p.r. man, I have a hard time putting in words how much it was appreciated. It was a real pleasure working and "chasing" (balloons that is) with you.

Sincerely,

Larry
