Air Conditioners

Cool Comfort At Preferred Levels

CUSTOM TRUCK Air Conditioner
A new slimline style, quiet operating air conditioner. Fits securely under dash. Woodgrain feature enhances vehicle interior. This unit delivers high-volume cooling to driver and passenger through four adjustable horizontal louvres with complete choice of blower speeds, rotary controls and fully adjustable temperature range. Controls are located handy to driver. Speedy cool-down of cab space or choice of moderate ranges for any comfort level. Expansion valve designed to prevent coil ice-up for more efficient operation.

Universal Air Conditioner—LIGHT TRUCK
Exclusive, new compact design for all light trucks. Silent, efficient air conditioner that fits conveniently under center of dash. Controls are within easy reach of driver. Delivers high air flow for fast cooling through four adjustable horizontal louvres. Blower speed selection, rotary controls and full temperature range adjustment. Cool-down of cab space to desired comfort level. Required utility shelf mounts above unit for handy, extra storage. Order separately.

ECONOLINE, Medium and Heavy-Duty Truck Air Conditioner (Not shown)
Roof-mounted condenser—evaporator type air conditioner. See your Ford dealer for details.
